7	Digital Drums R	15		23		31	
8		16		24		32	

NOTES

stage. We will be bringing some lights and lasers with us.
VERY IMPORTANT - Utilizing the video wall is a big part of our show. We will be bringing a wireless device that will plug directly into the HDMI at front of house. The video signal will be broadcast from the laptop and syncs with the performance. The only thing we need from you to make this flow effectively is an HDMI connection to the LED wall.
